

THE LIE:

There are no more "GOOD GUYS" to vote for in America.

Wrong!

By Robert Colaco, National Chairman of Citizens for a Better America.

I have heard it said that all politicians are bad. Well, my friends what we have attempted to do in this flyer is to strongly encourage you to vote and work to elect the candidates on our "GOOD GUYS LIST" (sm). These men and women are not politicians but they are statesmen. They are willing to do the hard things, even go up against the leadership of both major political parties, if need be. It is extremely rare among individuals running for political office to find a person who will consistently put conviction ahead of politics.

On our "Good Guys List" (sm) are the candidates we found we could confidently endorse. We contacted each registrar of voters, the Secretary of State, the county registrar and in many cases the city election officials. From their lists of candidates we called the candidates who supplied phone numbers to the registrar and offered them the chance to apply for our endorsement. Every candidate that we receive a fax or e-mail address for, is sent a CBA Candidate Questionnaire to complete and return to us. In California we contacted 810 candidates and we faxed or e-mailed out 258 candidate questionnaires; of those we received 40 back. We endorsed 8 of them.

Why did they qualify to be on our "GOOD GUYS LIST" (sm)? Because they had the correct answers to some very difficult questions, 17 very tough

questions to be exact; questions about some very difficult issues affecting all of America today.

To design the questions, we drew upon our years of experience dealing with candidates on the hard issues. No one was allowed to hide. As one candidate told his wife, "This organization is asking political questions to find out what my core beliefs are and it doesn't matter what office I am running for." That candidate was exactly right.

Our "GOOD GUYS LIST" (sm), is a very special list, only those who stood for returning America back to its foundation of morality and values qualified. Some who may have qualified did not submit a questionnaire. Others who submitted a completed candidate questionnaire simply were not candidates we could endorse. It is important to note, we did our utmost to encourage everyone to respond and send in their questionnaire.

Obviously, we do not have the space here to print each completed candidate questionnaire; it would be over 12 pages of reading. We have found that large numbers of people do not want to read extra information. We have listed the candidates first by the state and county they are running in, then by the office they are running for. Under the office they are running for we listed them by last names, first name, middle initial, and the district number, if there is one.

We know that the questions that we ask in our questionnaire are tough questions. The issues that we have talked about in this flyer are tough issues. I believe that is one of the reasons why so few candidates wanted to answer our questionnaire. But, you, the voter end up in benefiting from that. You are receiving this flyer because you are in an area of one or more of these candidates and we strongly encourage you to vote on Tuesday, November 4, 1997, for the individual(s) on our "GOOD GUYS LIST" (sm).

THE LIE:

There are no good guys running for higher office in California.

Wrong!

People today are frustrated and communicate that there are no good guys running for higher office in California. I have good news for you, there is at least one.

On February 14, 1997, Citizens for a Better America™ sent out it's news release announcing among other candidates the endorsement of California State Senator Richard "Dick" Mountjoy for the office of Lieutenant Governor for the June 2, 1998 primary election.

We had asked Senator Mountjoy in 1993 to run for the governorship of California. He felt that he could not at the time because of the funds that were needed to accomplish such an objective. That is why we are very excited to endorse Senator Dick Mountjoy early on in his campaign for Lieutenant Governor of California.

Senator Dick Mountjoy is one of those candidates that has the guts to stand for what he believes even at times opposing his own political party's position and even his own party's governor. Even though Senator Mountjoy voting record was outstanding, he like the candidates that we have endorsed in this flyer filled out a candidate questionnaire. Citizens for a Better America was proud to endorse his candidacy fully sixteen months before the election and to began even then to work to get him elected.

What can you do? You can write Senator Dick Mountjoy a letter that you are individually endorsing his candidacy. Tell him that you will be voting for him and will do all you can to get everyone you know to vote for him.

There really is more to do though if you want to see good candidates like Sen. Mountjoy elected!

You can send him money. It will encourage him and continue to affirm his faith in California's people. By the way, I do not work for Dick Mountjoy, and I will not get a commission for recommending that you send him money.

You can contact Senator Dick Mountjoy at: PO Box 2114, Monrovia, CA 91017-2114, Phone (626)357-0910.

And you can also help by becoming a member of Citizens for a Better America™ today, our membership form is on the back of this flyer.
